Mayor's Performance Report

Office of Human Resources

Quarter 1, Fiscal Year 2010

July 1, 2009 – September 30, 2009

Thomas M. Menino, Mayor

Performance Highlights

- In response to the economic downturn, the Office of Human Resources continues to operate under a controlled hiring process. Forty-three employees were hired in the first quarter of FY10, as compared with 151 in Q1 FY09 and 165 in Q1 FY08.
- The Office of Human Resources worked collaboratively with the Management Information Systems department to develop and implement training for City departments on utilizing the Career Center as a tool and resource to improve the hiring process. The Career Center is the City's web-based position approval and public online application system.
- In an effort to decrease total wages paid for workers' compensation claimants, the Office of Human Resources has been working with departments to implement a modified return to duty process as appropriate.

Measure Notes

- All BAR measures for the Office of Human Resources exclude the Boston Public Schools (BPS), the Boston Public Health Commission (BPHC), and Suffolk County in their calculation, unless otherwise noted in the measure definitions.
- Pct. of city workforce – women: Decreased hiring due to budgetary restraints has had a negative impact on increasing women's share of the City workforce.
- Employer cost of most utilized family plan: This measure is a weighted average of the annual employer costs for different classes of participants as of January 2009. At that point in time, the city paid 90% of health insurance premiums for retirees and members of unions with unsettled contracts, 88% for members of the Boston Teachers Union (BTU), and 85% for all others.
- Pct. of active employees enrolled in HMOs and Employer cost of most utilized HMO family plan: These are both annual measures reported on January 1st.
